1) What would you say makes your jurisdiction great?
The Woodbridge District is the Northern Gateway to Prince William County. We are bound on two sides by the Occoquan and Potomac Rivers, giving us significant natural, historic, and recreational amenities, including: the Occoquan and Featherstone Wildlife Refuges, Historic Rippon Lodge, Leesylvania State Park, Osprey Golf Course, five marinas, and the Potomac Heritage National Scenic Trail. We enjoy shopping at Potomac Town Center with over 75 national restaurants and retailers, educational programming at Potomac Library, and excellent medical care from Sentara Northern Virginian Medical Center. We have great schools, a dynamic Senior Center, and vibrant neighborhoods. Now GMU is opening the Potomac Science Center at Belmont Bay! Woodbridge is a great place to live, work, and play!

2) In 20 words or less, what message would you like to share with the George Mason University community?
We are excited for the GMU Potomac Science Center coming to Woodbridge! I challenge you to hike the PHNST, kayak into Featherstone Refuge, or golf at Belmont Bay!

3) What do you do when you’re not working?
Spend time with my family! We enjoy shopping and dining at Potomac Town Center or attending an event at Rippon Lodge. In the nicer weather, we enjoy exploring at Occoquan Wildlife Refuge and walking the Potomac Heritage National Scenic Trail (PHNST).
