### Hylton Performing Arts Center

The Hylton Performing Arts Center was created in partnership with Prince William County, the City of Manassas, George Mason University, and the Commonwealth of Virginia, along with many generous private donors and local business members within the community. The Hylton Center opened its doors in May 2010. It offers programs to the community throughout the year and is home to the Veterans in the Arts program and the Governor's School for the Arts.

### Life Sciences and Engineering Building

Construction of the Life Sciences and Engineering Building located on the Science and Technology Campus is underway. With a scheduled completion date of late 2024, the 132,000 square-foot facility will support students enrolled in STEM-H majors such as, but not limited to, kinesiology, materials science, forensic science, bioengineering, and mechanical engineering.
